ROLLER TEAM

EN | 21

Roller Team is an Italian reality dedicated to plein air tourism where entrepreneurial spirit and technological approach have allowed to reach excellence at international level. A brand recognised worldwide for features such as dynamism and innovation, which conceives and manufactures motorhomes that combine style with technology and quality for unforgettable travel experiences. Constant technological innovation in production processes, continuous product renewal, intelligent solutions and cutting-edge manufacturing techniques respond in an increasingly efficient and complete way to people’s needs, at an always competitive price. Roller Team offers numerous customisations able to meet the needs of any customer and stands out for being a company that releases on the market a wide selection of all-inclusive models, but further customisable, from which you can choose.

For more than 15 years, Roller Team has specialised in vans, which are built in the factory in Paglieta (Abruzzo), Paglieta plant (Abruzzo), an industrial district of over 28,000 m2 that produces vans for the Trigano group for the whole of Europe.

There are hundreds of qualified outlets that distribute the Roller Team brand today: a comprehensive sales network spread throughout the major European countries. It’s thanks to its distribution partners that Roller Team is close to its customers everywhere, ready to satisfy customers’ every requirement with appropriate tools and a wide range of pre-sale and aftersales services. An organised, targeted network, supported by continuous training on technical topics and workshop operations, product development in keeping with the habits and needs of different cultures, distribution agencies in the area, local staff: these are the secret weapons with which Roller Team presents itself on international markets with growing success.

The choice of value and reliability

Roller Team: the certainties.

One of the main advantages

of choosing **Roller Team** is the certainty of the best **quality** permitted today by technology, materials and a complex industrial process.

Roller Team works day after day to improve its products and services, making quality its priority so that the price of the product is reflected in its genuine value.

**+ insulation, + protection,
- noise.**
The technology for interior insulation capable of ensuring complete protection for your van.

Suitable for
All Seasons

The Italian with “Nordic” features. Always at ease in the vehicle, whatever the temperature outside: a van designed and built for use in colder climes.

Give personality to your van, with the optional equipment.

Optimised interior space. Loading compartments: Today I want you like this, one room, multiple space. All the space is designed with a view to maximum functionality, modularity of use.

In safe hands with van SottoControllo (“UnderControl”). Roller Team puts its own experience and expertise at the service of every van produced. A team dedicated to quality control and continuous improvements follows each van throughout the production stage with inspections and tests from design to delivery.

Livingstone

Everything is ready to go.

If you are looking for your **first van** and you want a concrete vehicle, with a simple, practical and essential style, but with everything you need to go on a thousand adventures, Livingstone is the van for you.

You can choose between **2 models**; Livingstone 2 of 5.99 m with the standard transversal double bed at the back; Livingstone 5 which, in the same length, has two bunk double beds in the back of the vehicle.

To find out the standard features, see our van technical catalog.

The rear living area can be used as a practical garage with variable volume and can be modulated according to your needs. Perfect for suitcases and bikes.

As you want it

Plenty of light and air

Thanks to the two standard 40x40 portholes and windows with blinds and flyscreen. At the back there are two maxi size windows with suction cup blinds.

Absolute Roller Team protection guaranteed 6 years against infiltration

The insulation is achieved by spraying polyurethane foam (resistant and with excellent insulating performance) onto the interior walls and rear of the van. Roof insulated with polyester fibre covered by an aluminium film. The floor is a classic sandwich type.

LIVINGSTONE

Living area

Space for concreteness

Cosy, comfortable and airy environment. Simple and linear style, does not give up to practicality and functionality.

Stowage ensured by the large wall cabinets and the **comfortable storage compartment** above the cab.

The ergonomic seats allow you to be comfortable in all circumstances, both during the journey and in friendly moments.

Livingstone 5

The shaped table with is practical and functional, because it is designed to facilitate movement and can be easily removed and used outdoors, for summer lunches or dinners.

USB sockets in the living and sleeping area to charge smartphones, tablets, right where you need to use them.

The kitchen

Mouth-watering meals

You can easily prepare any delicacy with the Livingstone linear kitchen, equipped with a two burner hob and sink with domestic mixer.

Maximum convenience with the 70 l refrigerator with compressor, which thanks to its position and double opening allows you to stay comfortably outside and easily reach what you need.

You can easily store your dishes and shopping in an orderly manner thanks to the large drawers and wall units.

Livingstone 2, 5

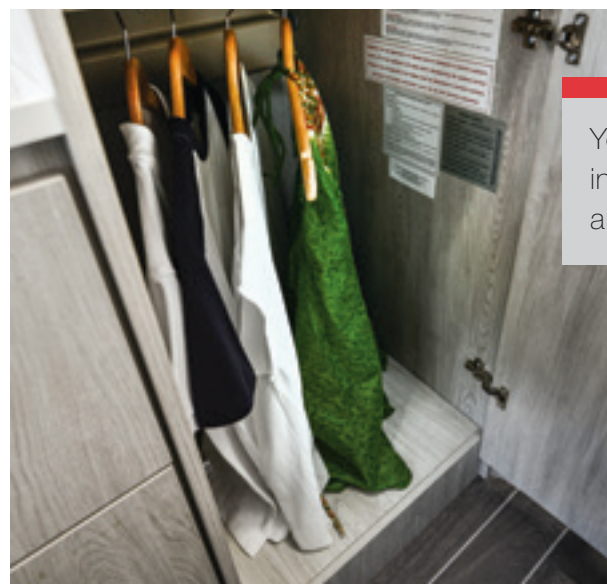

Sleeping area

Sleep well

In Livingstone beds you will always sleep well, even after a very active day, thanks to the anti-mite mattresses and wooden slatted bases.

Livingstone 2

You can store your clothes in the lowered wardrobe and the two side wall units.

Bathroom

Comfortable well-being

One space, two rooms. On one side the toilet with fixed washbasin on top and the window to ventilate and illuminate the bathroom.

On the other hand, the shower, as comfortable as at home, thanks to shower rail with separate mixer and the storage compartment in the wall.

It is separated from the tent with magnets, removable, very practical because you can hang it out to dry.

Livingstone Sport

Enjoy the travel, no limits.

For you who **already have experience** with the van holiday and are looking for a vehicle that can give you **that something extra that makes the difference**, in terms of functionality, comfort, equipment, even winking at style.

The Livingstone Sport range offers you **a wide choice of models**, 7 to be precise; with lengths ranging from 5.41 m to 6.63 m and **4 types of bed**, including classic double and bunk beds, twin beds and electric elevating bed at the back.

To find out the standard features, see our van technical catalog.

Plenty of light and air

thanks to the two standard 40x40 portholes and windows with blinds and flyscreen. At the back there are two maxi size windows with suction cup blinds.

An extra touch of exclusivity

thanks to the more complete standard equipment for greater comfort and autonomy.

Even more versatile

the rear area can be used as a storage room both during the day and at night, thanks to the varied bed combinations.

Absolute Roller Team protection guaranteed 6 years against infiltration

The insulation is carried out by covering the entire van, roof, crossbar walls and uprights in polyester fibre covered by an aluminium film.

Living area

Move freely

Spacious environment. More refined style, greater comfort and versatility.

USB sockets in the living and sleeping area to charge smartphones, tablets, right where you need to use them.

Ergonomic table and seats allow you to move around without difficulty. The table can also be removed for outdoor dining and is equipped with a pull-out extension for even more comfort.

Lots of stowage space thanks to the wall units and the practical floor hatch under the dinette.

More space to move around thanks to the rounded profiles of the wall units and the open space cab.

Livingstone 2 Sport

The kitchen

The pleasure is all yours

The Livingstone Sport kitchen has everything you need to satisfy the palate of your team.

For food and tableware there are very large drawers and in the next column there is a three-way or compressor refrigerator, depending on the models.

The practical linear kitchen unit has a resistant worktop in high pressure laminate, two burner hob and sink with mixer for domestic use.

Sleeping area

Energetic
awakening

You'll wake up rested and full of energy in Livingstone Sport beds, thanks to the comfortable "sleep comfort" mattresses in breathable fabric and the wooden slats.

Livingstone 2 Sport

The wall units and wardrobes are maximised in size to accommodate many clothes, even those with hangers.

Livingstone 4 Sport

The large windows and the porthole make the rear area very bright and well ventilated.

Livingstone 2, 5, DUO, DUO XL Sport

Concealed or fixed washbasin depending on the model to meet your space requirements.

Livingstone K2, 4, 6 Sport

It has a window to give you plenty of air and light. Equipped with capacious wall units for all your toiletry products.

Tailor-made wellness

The Livingstone Sport bathroom is tailor made to take care of you wherever you go.

Bathroom

Shower separated by a removable curtain with magnets and mixer with shower rail, or integrated with pull-out spray.

Livingstone 2, 5, DUO, DUO XL Sport

Livingstone Advance

The travel companion you've always wanted.

Dedicated to you who have a **lot of experience and are looking for a van of excellence**, which can offer you the best technology, a refined design, refined materials and a surplus of equipment.

The Livingstone Advance range offers you **7 top of range solutions**, with lengths ranging from 5.41 m to 6.36 m and **4 types of beds**, including classic double and bunk beds, twin beds and electric elevating bed at the back.

To find out the standard features, see our van technical catalog.

The rear area is modular and expandable at will, keeping all your equipment safe both at night and during the day.

Plenty of light and air

Thanks to the two standard 40x40 portholes and the 70x50 skyroof with blinds and flyscreen. Two maxi opening windows at the back with blinds and flyscreen. LED outdoor light for cool evenings and increased visibility at night.

Super flexible stowage

Holidays in great style

Thanks to the sophisticated design, the best equipment and maximum comfort.

Absolute Roller Team protection guaranteed 6 years against infiltration

The whole van is coated with a polyester fibre covered by an aluminium film, water-repellent and highly insulating materials.

Living area

Comfortable travel

Environment designed for maximum comfort. Impressive style, with contrasting colour furniture and glossy laminates.

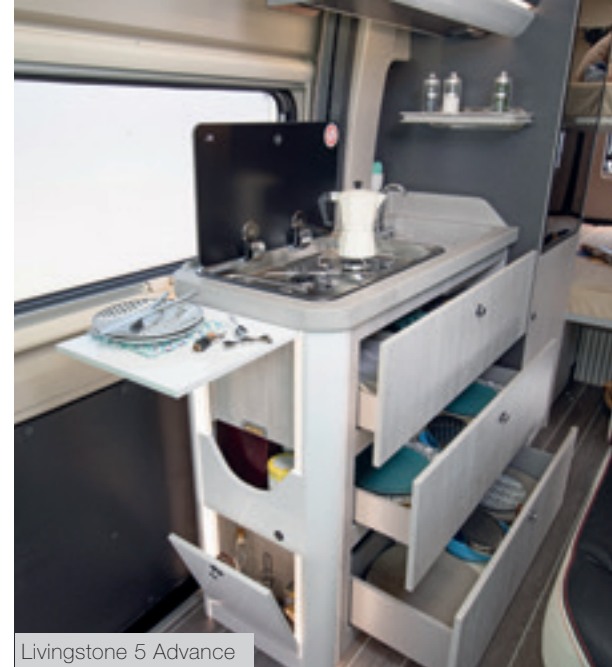

Secure stowage for comfortable holidays with large wall cabinets and floor hatch under the dinette.

USB socket technology in the living area and rear area allows you to connect PCs, tablets and smartphones wherever you need them.

Livingstone 6 Advance

Comfortable seats for your daily relaxation. Folding top table in acrylic stone, to make the most of the space in the dinette and meet your living needs. Also equipped with an extension, you can pull it out and take it out for the summer.

Livingstone 5 Advance

There is no shortage of space for dishes, pots and all your cooking equipment in the drawers below.

You can cook even in bad weather, thanks to the methacrylate housing protecting the wall unit above the kitchen unit.

The worktop of the linear kitchen is made of acrylic stone, an ultra impact resistant and scratch-resistant material. The sink with domestic mixer is equipped with a practical sink cover, also in acrylic stone, which can work both as a shelf and as a cutting board.

LED lighting throughout the kitchen profile for greater visibility and a touch of style.

Livingstone 6 Advance

The ingredients will always be as fresh as freshly purchased thanks to the three-way or compressor refrigerator, depending on the models.

The kitchen

A starred kitchen

The Livingstone Advance kitchen has all the features to allow you to prepare great dishes, like a great chef.

Sleeping area

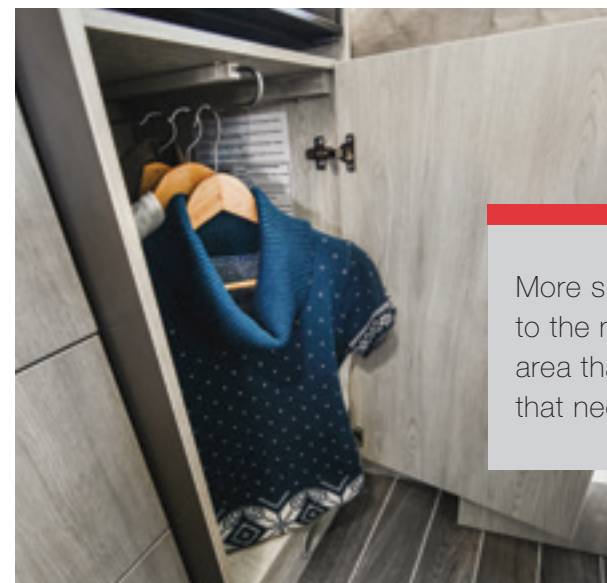

For better dreams

A room for daydreaming, even with your eyes open.
The soft-touch walls give a cosy and comfortable look to the environment.

Livingstone 6 Advance

Waking up will be even more pleasant thanks to the large windows and the portlight, which will mitigate the environment with air and light.

More space for your wardrobe, thanks to the numerous wall units around the area that allow you to bring clothes that need to be hung.

Livingstone DUO XL Advance

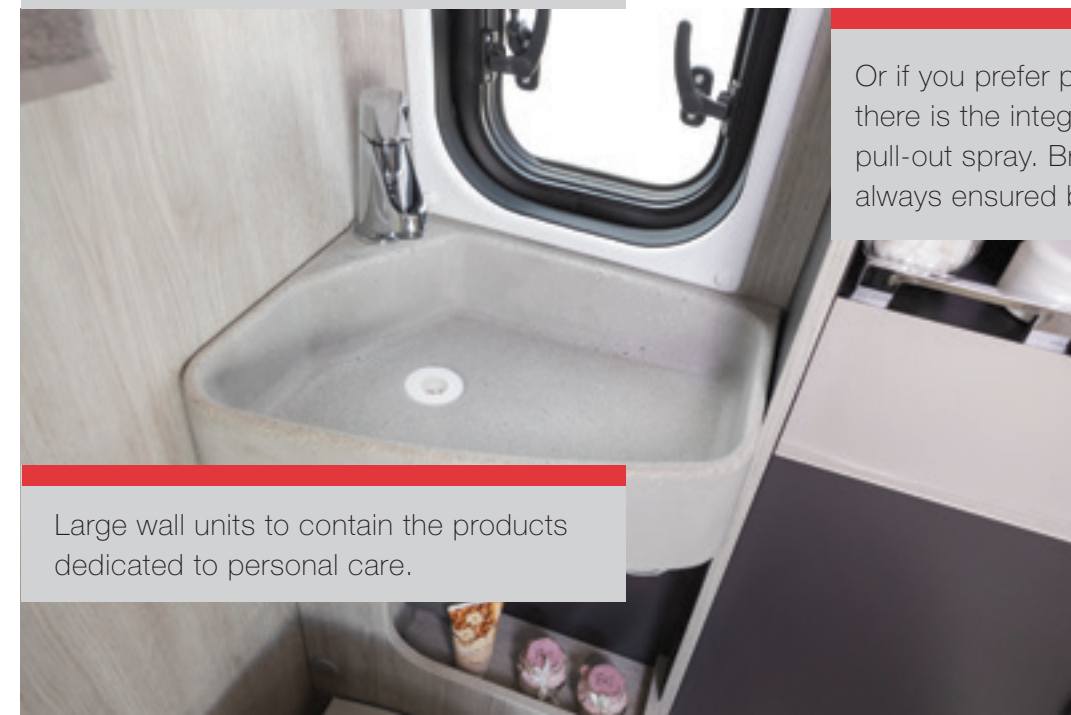

Shower separated with a folding methacrylate door, equipped with domestic mixer and shower rail, with storage compartment and toothbrush holder inserted in the wall. For maximum comfort.

Enjoy your wellness

The Livingstone Advance bathroom is designed to give you moments of beauty and relaxation in an elegant environment with optimised space.

Livingstone K2, 4, 6 Advance

Large wall units to contain the products dedicated to personal care.

Livingstone 2, 5, DUO, DUO XL Advance

Bathroom

Flexible and intelligent solutions that adapt to your needs.
Fixed acrylic stone washbasin, or concealed type.

Or if you prefer practicality to style there is the integrated shower with pull-out spray. Brightness and air always ensured by the window.

+ insulation
+ protection
- noise

On a carefree
journey

Livingstone vans are well insulated and silent vehicles, thanks to the exclusive **EXPS EVO technology** that ensures insulation and internal protection from both external temperatures and noise.

- Resistant materials and from high insulating performance
- Total absence of wood
- High quality constructive

PROTECTED EVERYWHERE IN VAN

...with any weather.

Enjoy the
coldest
destinations
without worries,
you will always
stay warm.

**Same performance
as a motorhome!**

Roller Team offers for
its vans an **on-board
heating technology
resistant to winter cold.**

Do you want to find
out how? Refer to our
technical catalogue.

Today I want you like this!

A single environment with multiple spaces.

The entire Roller Team van range offers stowage solutions that can adapt to any need.

The form, furnishings and design choices guarantee great living volume. All the space is designed with a view to maximum functionality, modularity and ease of use.

All bed bases in the van range can be elevated and/or removed, partly or completely, to meet your stowage needs, even the most bulky ones.

Livingstone DUO

The super flexible
Winning combinations every time. The rear side adapts its shape according to your needs.

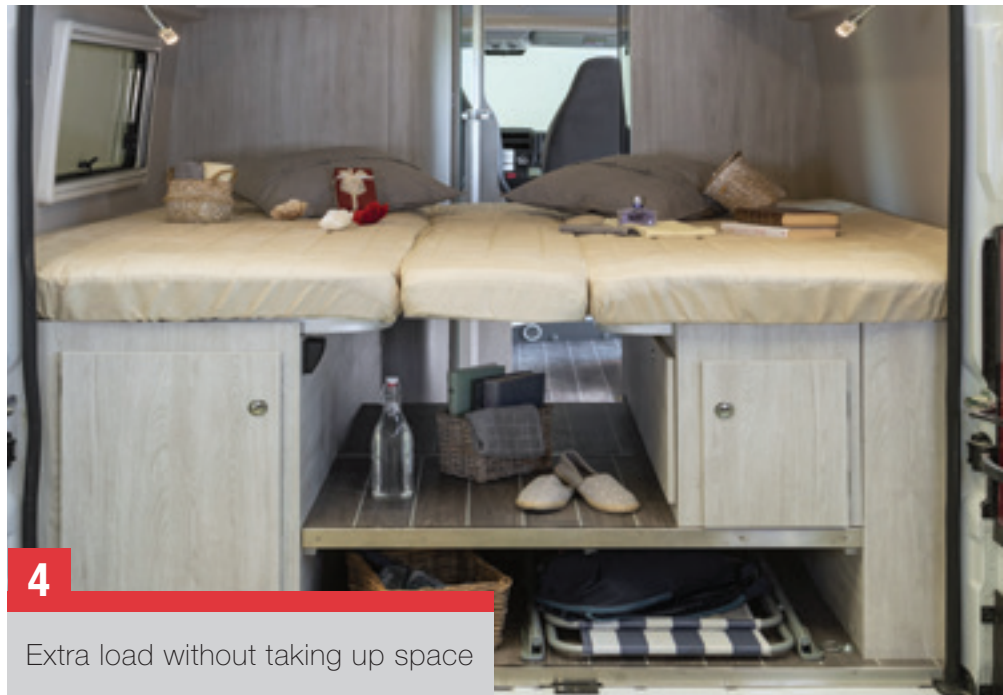

2 Three wardrobes that can be removed separately

3 Removable, adjustable-volume double flooring

1 Elevating bed bases

4 Extra load without taking up space

Livingstone DUO XL

The modular garage for extra large loads

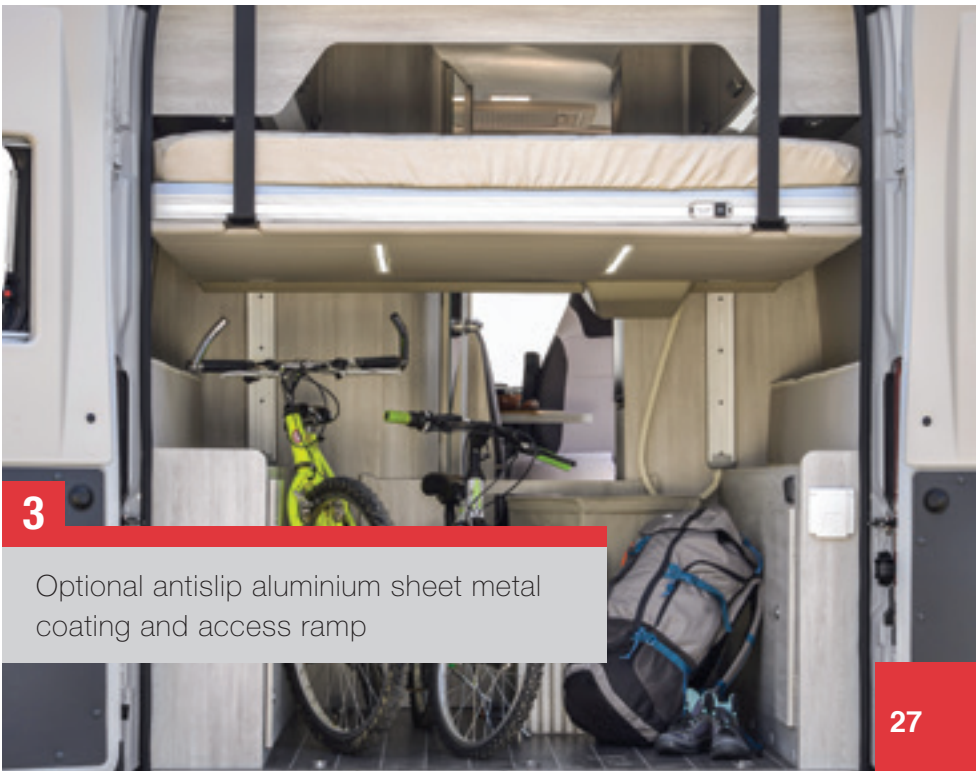

The only garage that reaches up to 2,400 litres of loading volume. Perfect for stowing sports equipment such as bicycles and surfboards in complete safety.

1 Electrically operated elevating bed with straps that stops at the height you want

2 Electric socket and water outlet with pull-out spray

3 Optional antislip aluminium sheet metal coating and access ramp

Optimised
interior space

The kitchen of the van range is home inspired, where everything is at hand.

The worktop is extensible, thanks to the extra support, which can be easily removed. (Sport and Advance range).

Deep sink
with domestic
steel mixer.

The refrigerators are very practical and large. They can be three-way and column mounted, for optimal use of space, or compressor driven for greater efficiency and silence, with the possibility of being used outdoors, thanks to the double opening (models 2 and 5 Livingstone range; models K2 and 6 Livingstone Sport and Advance range).

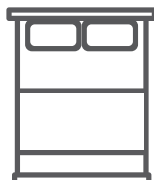

Keywords are
functionality and
ergonomics.

Lots of space to store 1
cutlery drawer and 2 deep,
stable, fully-extractable
drawers with soft closure.

Waking up on
the right side
of bed

Our basic rules for a good
rest are three:

- 1) Large and comfortable beds;
some of them extra large, as in
model 6 and 2, the latter being
the largest in its category
- 2) Comfortable and breathable
mattresses
- 3) Wooden slatted bases for
back support

All beds in the van
range have these
features so you can get
a good night's sleep
and wake up on the
right foot to make the
most of your days on
holiday.

To each his own

Choose the type of bed that
suits you best: Transversal bed
(models K2, 2 and 4)

Twin beds (model
6 and DUO)

Transverse bunk bed
(model 5)

Rear elevating
bed (model
DUO XL)

Not a simple service, rather well-being.

The constant attention of Roller Team towards people's needs has led to conceive the bathroom no longer as a service environment but as a real place dedicated to wellness, putting functionality in the foreground.

Compact with concealed sink, equipped with pull-out spray (models K2, 4 and 6 Livingstone Sport/ Advance range).

In the Advance range the washbasin is made of acrylic stone, the shower can be separated by a rigid folding door and is equipped with a toothbrush holder inside the wall storage compartment.

Toilet with fixed washbasin and separate shower through the removable curtain with magnets. Storage compartment in the wall. Shower rail with separate mixer. Low shower tray to make the water flow better. (models 2 and 5 Livingstone range; models 2, 5, DUO and DUO XL Livingstone Sport range).

Customize
your van

LIVINGSTONE

LIVINGSTONE SPORT AND ADVANCE

Appeal (Standard ■, Fabric)

LIVINGSTONE SPORT AND ADVANCE

Martyn (Optional □, Fabric/Imitation Leather)

Laren (Optional □, Fabric/Imitation Leather)

A safe nest

Customize your van with a raising retractable roof

The optional raising retractable roof with integrated bed gives you two extra beds and is perfect to use the back of the van exclusively as stowage and have more space available in the living area.

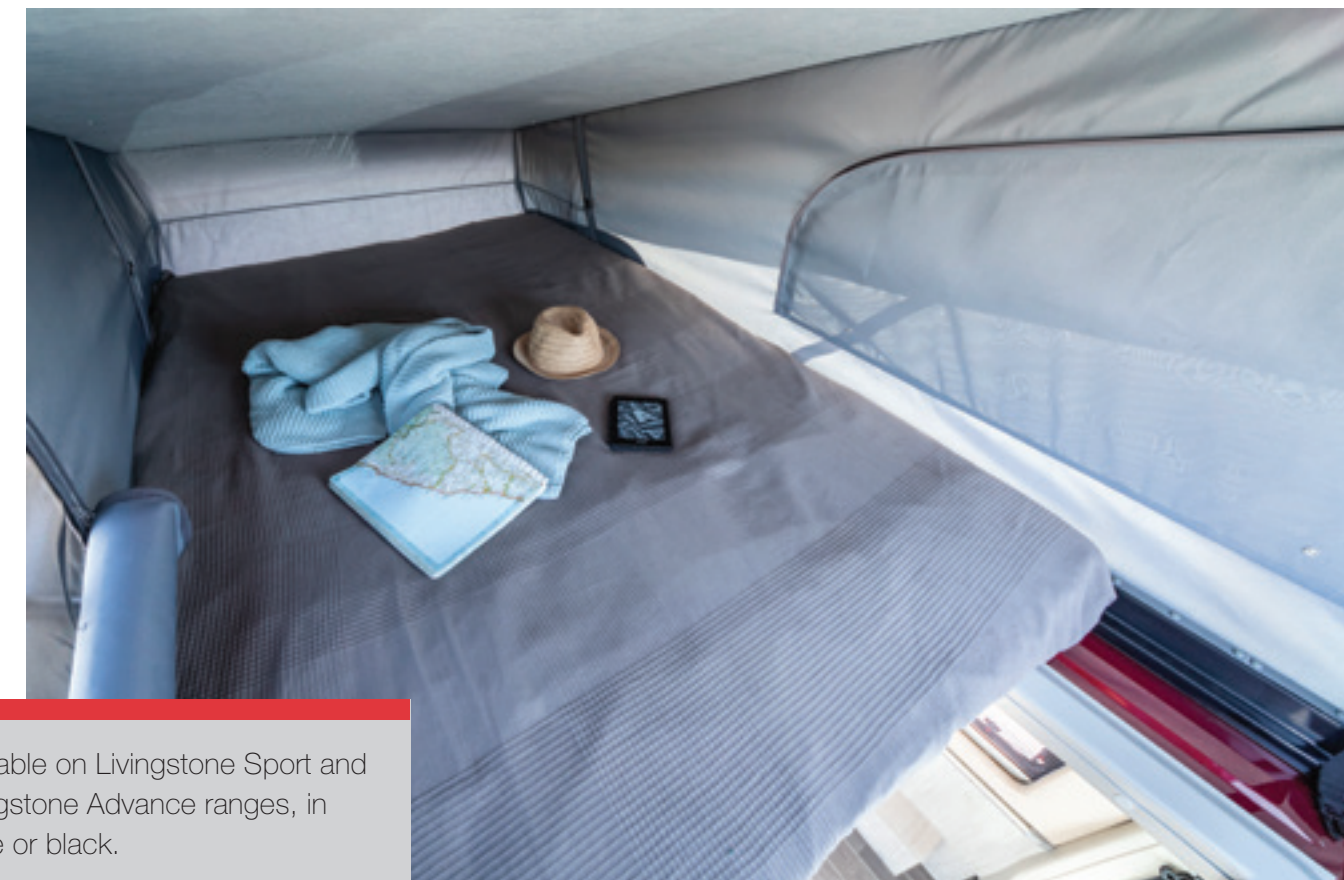

One roof for every length. It can be installed on both the most compact and the longest vans in the category.

Equipped with a subframe prevents water from penetrating. It further protects the bodywork from infiltration.

Ventilation: 2 side windows that can be opened and closed from the inside with flyscreen.

Transparent plastic front window

Bed dimensions:
180(200)x120 cm

Available on Livingstone Sport and Livingstone Advance ranges, in white or black.

Contemplate the beauty of the sky

More space and light with the optional panoramic **Sun Roof**.

Equipped with external frame in black methacrylate and internal glazing in laminated glass with sun-proof silk-screen printing perimeter.

Higher resistance and life.

Available on Livingstone Sport and Livingstone Advance ranges.

Vehicle in climatic chamber

Tested in climatic chamber!

-  **Test in climatic chambers** from -15°C to 40°C
-  **Heat radiation test** on the surface of the sun roof at 65°C; 75°C; 80°C; 85°C
-  **Low temperature test** (Freezing test at -15°C) to check for possible ice formation in the perimeter of the glass and prevent any damage or malfunction.
-  **Vibration test**, with simulation of 820 km on a special route (cobblestones).
-  **Infiltration test** carried out during low temperature and vibration tests.
-  **Visual check** to identify any deformation damage in the surfaces of the Sun Roof.

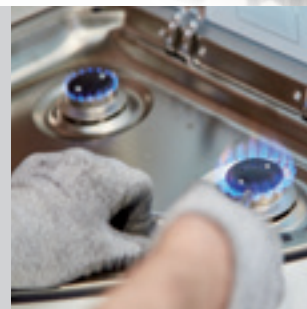

Because we know that satisfying our customers depends greatly on the quality of our products.

Roller Team puts its **own experience** and expertise at the service of every motorcaravan produced and follows it throughout the production stage **with inspections and tests** from design to delivery that meet with European standards.

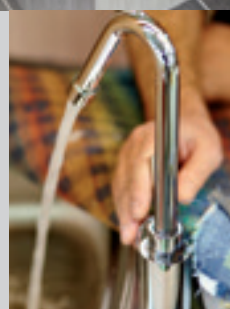

The same quality standards are demanded of suppliers: for the **most strategic** components, a check is carried out when the material is received and before it is used in production.

Checks in production stage

Test on operation of the gas pipes.

Correct installation of the hydraulic systems.

Check on operation and correct installation of the electrical systems.

check 100

100 statistical checks on a percentage of the vehicles produced: aesthetic, functional, noise and fitting tests.

Specific testing in climate chamber to check the resistance, duration and performance of the materials selected at extremely high/low temperatures.

Performance tests on the components used: durability of mattresses, resistance to stress, reliability and compliance with European regulations in the design of the seatbelt unit.

Gas system inspection by certified staff according to the German DVGW protocol.

Tests in research and development and prototyping stage

Test on finished product.

Electronic weighing of 100% of vehicles before delivery and written weight certification for end customer.

Waterproofing tests on 100% of the vehicles produced, before delivery.

NOTICE - All the information and photos shown herein are to be considered as merely indicative and do not constitute contractual specifications. Trigano S.p.A. reserves the right to make the technical and configuration changes considered appropriate to its vehicles and to change the equipment the vehicles are provided with at any time and with no official notice. Owing to the above, all the information concerning the specifications and equipment of every motorcaravan must be requested before purchase from the dealer, who, acting as sole point of reference, will confirm or rectify the data published herein, updating the customer on the actual features and equipment of the vehicle he/she is interested in and for which negotiations are ongoing. Trigano S.p.A. declines any liability concerning changes, including additions, and/or conversions made after the printing of this document and/or delivery of the vehicle. Weights and dimensions of vehicles and options are subject to change with a tolerance of +/- 5%, dimensions of vehicles with a tolerance of +/- 3%, according to the Directive 2007/46/CE. Important note: Anything which is not included in the standard version of the vehicle, concerning both living quarters and chassis, entails an increase of the mass in running order, with the consequent reduction in the useful load up to the possible reduction in the number of certified seats in case the total weight exceeds the value of the available payload. The available payload consists in the difference between the maximum permissible weight and the mass in running order, with a tolerance of 5%. Therefore, during the purchase phase it is mandatory to carefully consider the weight of any optional equipment you wish to install on the vehicle. This weight is indicated in the specific item of the technical data on www.rollerteam.it. Hence, please remember that the laws in force do not allow the maximum permissible weight indicated in the specific item of the technical data sheets to be exceeded. It is recommended that each user adjust the load and the number of passengers carried to the maximum technically permissible maximum mass of the vehicle. Fitting, removing or alterations carried out c/o unauthorised workshops may compromise your safety and at the same time lead to invalidation of the warranty.
